

Measuring Our Success 2019

Residential Program

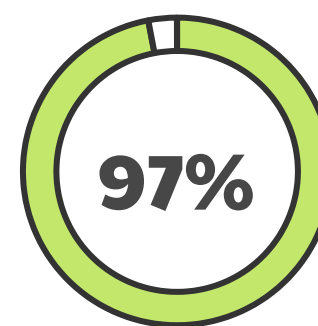

83% clients in short-term rehab discharged to community living with less than 24 hours of supervision

Outpatient Program

Goals Met

Demonstrated Functional Gains

Origami helped create opportunities for over 550 individuals served in our Outpatient Program. We were able to transform lives through helping clients reach their stated goals and improving their functional status (utilizing the Mayo-Portland Adaptability Inventory-4).

Community Based Program

Stayed Active

All clients maintained productive activity (work, school, or intensive rehab) throughout the year.

Vocational Service

71% of clients returned to their pre-injury vocational status (employment/school)

Satisfaction

97% of clients and their support systems reported satisfaction with services (323 respondents).
