Notice of Privacy Practices - HIPAA

This Notice of Privacy Practices (Notice) describes how we, Origami Rehabilitation, may use and disclose your protected health information (PHI) to carry out treatment, payment, or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control of your PHI. Please review it carefully. The privacy of your health information is important to us.

PHI is information about you, including demographic information that may identify you and relates to your past, present and future physical or mental health or condition and related health care services.

If you have questions about this Notice, please contact us at the address and phone number listed on the last page of this Notice.

Our Legal Duty

We are required by law to maintain the privacy of PHI. We are also required to provide you with and abide by the terms of this Notice about our privacy practices, which sets forth our legal duties and privacy practices with respect to PHI, and to notify you in the event of a breach of your unsecured PHI.

We reserve the right to change our privacy practices and the terms of this Notice at any time, provided such changes are permitted by applicable law. We reserve the right to make the changes in our privacy practices and the new terms of our Notice effective for all health information that we maintain, including health information we created or received before we made the changes. Before we make a significant change in our privacy practices, we will change this Notice and make the new Notice available upon request, in our office, and on our website.

Uses and Disclosures of Health Information

Uses and Disclosures of Protected Health Information for the Purposes of Treatment, Payment and/or Health Care Operations

Your PHI may be used and disclosed by your treatment team and our office staff for the purposes of providing health care services to you. Your PHI may also be used and disclosed to pay your health care bills and to support the operations of Origami Rehabilitation.

The following are examples of the types of uses and disclosures of your PHI that we are permitted to make. These examples are not meant to be exhaustive, but do describe the types of uses and disclosures that may be made by our office:

Treatment: We will use and disclose your PHI to provide, coordinate, or manage your health care and related services. This includes the coordination or management of your health care with a third party. We also may disclose your PHI on occasion to another health care provider (e.g., a specialist or laboratory) who, at the request of our physician or case manager, becomes involved in your care by providing assistance with your health care diagnosis and treatment.

Payment: We will use and disclose your PHI to obtain payment for services we provide to you. This may include certain activities that your insurance plan may undertake before it approves or pays for the health care services we recommend for you such as; making a determination of eligibility or coverage of insurance benefits, reviewing services provided to you for medical necessity, and undertaking review activities.

Health Care Operations: We may use and disclose your health information in connection with our health care operations. Health care operations include, but are not limited to quality assessment and improvement activities, employee review activities, training of staff, accreditation, certification, licensing, credentialing, certain marketing communications, fundraising activities, and conducting or arranging for other business activities.

We will share your PHI with third party “business associates” who perform various activities for Origami Rehabilitation. Whenever an arrangement between our office and a business associate involves the use and disclosure of your PHI, we will have a written contract with that company which contains terms that will protect the privacy of your PHI.

Subject to the limitations on marketing activities described below, we may use or disclose your PHI, as necessary, to provide you with information about treatment alternatives or health-related benefits and services which may be of interest to you. We may use your name and address to send brochures and other marketing information about Origami Rehabilitation to you.

We may disclose your demographic information and the dates that your received services, as necessary, in order to contact you for fundraising activities by Origami Rehabilitation.

You may opt out of marketing or fundraising communications, at any time, by contacting the HIPAA Compliance Officer and requesting that these materials not be sent to you.

Other Permitted and Required Uses and Disclosures That May Be Made With Your Authorization or Opportunity to Object
